Coveted Customer Experience

How to Grow Your Business by Focusing on 3 Things Your Customers Truly Care About

You've heard it before. Over and over, in fact. "Improve your customer service." "Optimize the customer experience." But what does that even mean?

Today, when the intersection points with your customers may number in the dozens (or even hundreds), tackling customer service or customer experience holistically is impossible. You can't magically get better at every customer touch point. But you CAN get better at the touch points that matter.

THINK SMALL is a fast-paced, dynamic, inspirational, and hilarious presentation that shows you how to gain and keep more customers by improving the only three things that really matter to your customers.

Audiences will learn:

- Why customer experience is the fastest route to growth
- The elements of your business that are non-negotiable for your customers, and where they'll give you a pass
- What customers really expect from your business category -- and how to exceed those expectations (without spending a fortune)
- Specific, concrete plans you can put into practice tomorrow that will get you to THINK SMALL and produce big results

"Having Jay Baer as our host, emcee, and keynote speaker helped keep the high-energy and consistency needed across all three days. We were all extremely surprised how much engagement we had across the team – even until the end. It was a unanimous success thanks to Jay!"

4 Ways to Win

How Small Businesses Can Outflank the Big Guys and Thrive in 2020 and Beyond

The big guys have more money. They have more awareness. They have more technology. But small businesses can still win and grow if they stop trying to copy the big guys, and instead double-down on an intimate approach to customer experiences.

Jay Baer is a 7th-generation entrepreneur who has started five multi-million-dollar small businesses from scratch. In this timely and vital presentation, he demonstrates the four ways small businesses can clearly differentiate from large competitors, and how those distinctions can be used to attract more customers than ever.

Including a minimum of nine relevant (and often hilarious) examples, Jay will change the way you think about customer experience, customer service, personalization, and marketing. You will learn why and how consumers choose between large and small alternatives, and how you can turn the tables on the corporate colossuses by embracing your points of difference.

“Jay is a powerful presenter. He not only positively affected our members, but as a result of his presentation, our own organization completely changed our approach to growth.”

Youtility

How to Grow Your Business by Helping, not Selling

Your customers' expectations are going up and up and up. That's scary, yes. But it is also the single greatest business opportunity since electricity. Look past the "old ways" of marketing. Look past the old ways of customer service, and what you find is a once in a lifetime opportunity to massively propel your business forward in ways that were unthinkable just a few years ago.

The key to breaking through customer cynicism and competitor messaging clutter isn't shouting louder, it's becoming truly, massively relevant.

Relevancy is the coin of the realm, and you'll find out how to out-relevance your competition in dynamic, hilarious, thought-provoking presentation.

Filled with dozens of real-world examples, this hilarious and powerful presentation will fundamentally change the way you think about your business, and is based on a New York Times best-selling business book.

"There are some speakers that are great on stage, some that have amazing and relevant content, a very small handful who actually share something that will shift our entire business strategy, and very very few who impress me as having all the above – Jay is that guy."

Talk Triggers

Turn Your Customers Into Volunteer Marketers

Word of mouth is responsible for as much as 50% of all purchases, yet almost nobody has an actual plan to generate it.

In this fast-paced, dynamic, modern presentation Jay Baer presents you with a simple, yet critical choice: do you want to be the same, or do you want to be different?

Same is lame. We ignore average, but we discuss different. When you offer a differentiated, talkable customer experience, it compels conversation. And when customers talk, they recruit new customers...for free.

With hilarious and poignant storytelling, Jay teaches the 4 things that must be true for a differentiator to be a Talk Trigger; the 5 types of word-of-mouth generating Talk Triggers; and the 6-step process for creating Talk Triggers in any organization.

This powerful presentation creates real change among attendees, helping them to vastly improve their marketing, and customer acquisition approach.

“Jay’s on-stage delivery and customization for our audience was the most impressive speaker experience I have ever had.”
