

TRENT GILLESPIE

INTRODUCTION

(To be read by the person introducing Trent at your event)

With over 25 years of experience driving business transformation and growth on a global scale, our speaker has been at the forefront of innovation, shaping the future of AI and technology.

During nearly a decade at Amazon, he was instrumental in driving its global expansion. He revolutionized its delivery network while leading the Last Mile Technology Innovation team, and ensured Alexa AI met the highest global privacy and security standards — all while delighting customers worldwide.

Now, as CEO of Stellis AI, he works directly with business leaders across industries, helping them unlock AI's full potential for growth and innovation. His deep expertise in AI, technology, and business strategy — paired with a commitment to ethical and practical AI adoption — positions him as a trusted authority in the field.
